sector being a large diverse and complex sector that includes organizations that are very different from each other in the services they provide (South University Online, para 1). Of the three sectors of, the non-profit sector has a little more flexibility the government or the private sector.

...continued...

According to Renz (2016), educational, charitable, and religious organizations are thousands of years old and were founded in colonial times, with the concept of “nonprofit organizations” as a unified and coherent “sector” that dates back only to the 1970s. The term non-profit has a variety of

...continued...

meanings itself and has been classified with certain numbers as it relates to the various types of organizations. Non- profits are set up to benefit the public. Their main purpose is not to generate funds or earn profit but to help the public with purposes recognized under the Federal and State

exemption status to promote social welfare in which communities and those within benefit. Nonprofits face the same challenges as private and government sectors such as risk management, program evaluation and planning, and financial management (South University Online, para 6). The difference between

...continued...

the sectors is that, a nonprofit is an organization that is not prohibited by law from earning a profit which is, an excess of gross earnings over expenses, but with what must be done with the monies earned and they are governed by a board of directors or membership. Private sectors have owners or

...continued...

stockholders who are in business to make money and can distribute it to those who control it (Renz, 2016). Another difference from the private and government sector is that the private sector has an important set of rules establishing the federal law of tax-exempt organizations (Renz, 2016). With

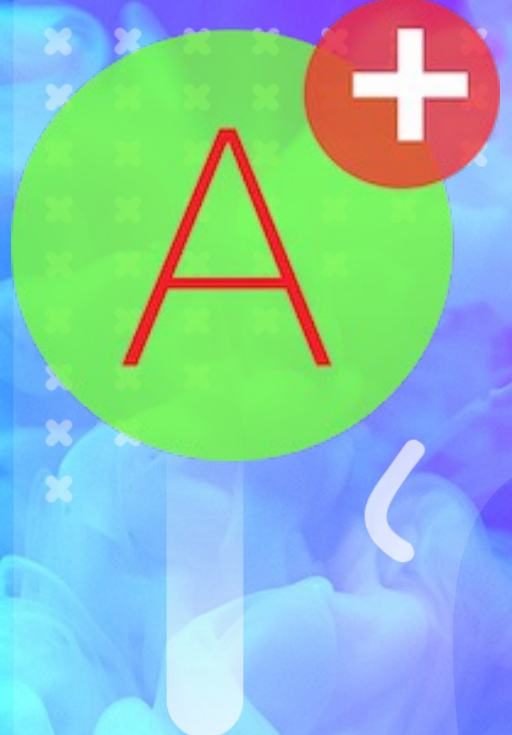

...continued...

these rules, non-profits get the benefit of having tax exempt privileges. What this means is that none of the income or assets of a tax-exempt organization subject to the private policy should be permitted to directly or indirectly unwarrantedly benefit an individual or other person who has a close
